

Ski Heaven

Veysonnaz, Switzerland

Ski Heaven – 750,000 Sfrs

Ski Heaven is one of the last remaining new-build apartments in the resort of Veysonnaz. Situated in a high quality chalet consisting of fourteen apartments, Ski Heaven has a communal spa with sauna and Jacuzzi, a wine room, underground parking and lift access.

Only one apartment is still available, Apartment 7, which has two bedrooms and is completed and ready to occupy. Originally held back for the developer himself, the apartment is positioned on the sunny, South-West side of the apartment building on the main street of Veysonnaz and within easy walking distance of the ski lift.

Veysonnaz:

Veysonnaz is a small, traditional village perched on the mountainside at 1400m above the city of Sion in the Canton Valais. One of the key characteristics of the village are the unobstructed views across the Rhône Valley, which can be enjoyed all across the village.

Veysonnaz is a resort that is family-oriented, with an ample range of cafes, bars and restaurants. It also offers great access to the slopes, good views and has a quietly traditional vibe. Think less dancing on tables with a stein and more fine wine on the balcony of your apartment. If you want a night out though, you have plenty of options in Sion or Nendaz.
